AI Code: BS0725

Dam: Chapelton Duchess 4978

MGS: Stonehills X Factor (P)

Ear Tag: UK582662-406834

Breeder/Farmer

This exceptional polled sire offers a nice package of quality proven genetics. His exceptional length and style is supported by outstanding conformation while carrying no myostatin genes. His sire has produced sons up to 14,000 gns and his maternal line needs no introduction originating from the exceptional Duchess cow family. This bull is adding length and size without compromising on conformation. Perfect for breeding female replacements, Pioneer holds a Milk figure of +8 whilst also possessing great growth figures.
