Ear Tag: UK181888602021

Breeder/Farmer

Denizes Kilimanjaro was selected for his positive performance figures and outstanding milk figures. He originates from one of the strongest cow families at Denizes and combines three of the top flushing families also. His pedigree is stacked with outstanding cows and breed-leading sires. With a milk figure of +13 Kilimanjaro is a certain pick to breed suckler replacements. He is a stand out bull for carcase traits too, with an Eye Muscle Area in the top 10% of the breed and Retail Yield in the top 5%.
