Dam: FEARN FAIRY CLIPPER L1551 (P)

MGS: FEARN ELMER (P)

Ear Tag: UK502113-501998

Breeder/Farmer

This impressive bull really is the complete package. Sired by the renown Fearn Godfather, a heavily proven breed leader for Maternal, Terminal and Self-Replacing traits, it is no wonder Fearn Strauss holds an impressive set of EBVs himself. Strauss provides exceptional strength and style. He possesses leading growth traits ranking in the top 1% of the breed without compromising on Maternal and Terminal Rankings. We are really excited to have this heterozygous polled sire join our Beef Shorthorn portfolio and are confident that Strauss will suit many breeders with his outstanding offering.
