MGS: Dunsyre Demetri (P)

Ear Tag: UK961015 409982

AI Code: BS0683

Breeder/Farmer

Sexton is a high-quality, polled bull and an excellent phenotypic example of his breed. Offering a host of positive carcase traits, progeny from this bull are expected to inherit a high level of quality while being well framed and naturally fleshy. Sexton is in the top 1% of his breed for Rib Fat and Retail Yield, making him an excellent choice for pedigree and commercial breeders. Sexton originates from a prolific maternal line, with positive milk and fertility traits. He carries one copy of the E226X myostatin gene.
