MGS: Doonbiddie Hustler

Ear Tag: IE214806891239

Breeder/Farmer

Duncan is a great addition to Cogent's Signature Beef line-up. Combining some of the breed's greatest cows families in Romany 1 Lucy A49 and Dorepoll 1 R51 Duchess 525, this bull is full of style and character. His pedigree models both outstanding maternal and terminal genetics which have produced both show winners and sale toppers. Duncan ranks exceptionally well for performance and carcass traits along with a top 5% milk figure of +18. This is a sire sure to follow in his descendants' footsteps. Progeny of this bull have been extremely growthy, with wide loins, great mobility and above average conformation. This sire carries a Semen Royalty for pedigree registrations.
