Sire: Willingham Pallas P EX91
AI Code: BS0667

Dam: Sandwich Lucious Hermione P

MGS: Glenisla Jack Frost P

Ear Tag: UK132248 100176

Breeder/Farmer

Homozygous polled with plenty of promise. Carrying no myostatin genes, this well grown bull displays easy fleshing in a moderate frame. Theodore is a breeders bull, with strong red roan coat colouring. He holds EBVs above the top 20% of the breed for 200-, 400- and 600- day weights, with good rankings for carcase quality traits too; sitting in the top 10% of the breed for IMF.
