Sire: Ideale Black Beard PP
AI Code: BB2047

Dam: Kersey Josie

MGS: Ballygrange Alex

Ear Tag: UK222596101455

Breeder/Farmer

Kersey Stardust is an outstanding heterozygous polled bull, displaying length and correctness within a moderate frame. This bull showcases a superb set of plates and is sure to transmit muscle and style to his progeny. All these phenotypic traits are complemented by a strong set of EBVs for carcass traits, weight, and gestation length. Ranking in the top 5% and 10% of the breed for 200 Day and 600 Day Weights respectively, Kersey Stardust promises to produce easily fleshed and well growing progeny. Stardust originates from the same cow family as Kersey Geronimo, an exceptional sire who has proven himself in both pedigree and commercial showings. This sire carries a Semen Royalty for pedigree registrations.
